## Visiting

To ensure a smooth arrival please read  
our guide to accessing the mews and  
car parking facilities.

## Here's our building

We're always happy to see visitors, but being on a one way system we know our building isn't the easiest to find.

That said, Azexis resides within a 17C landmark building on the Ipswich waterfront one way system at equidistance between the University Campus Suffolk waterfront building and the Salthouse Harbour Hotel.

Plus, we're the only building that looks like this.

## Sorrel Horse Mews

Following Grimwade Street towards the waterfront turn left as illustrated into Sorrel Horse Mews.

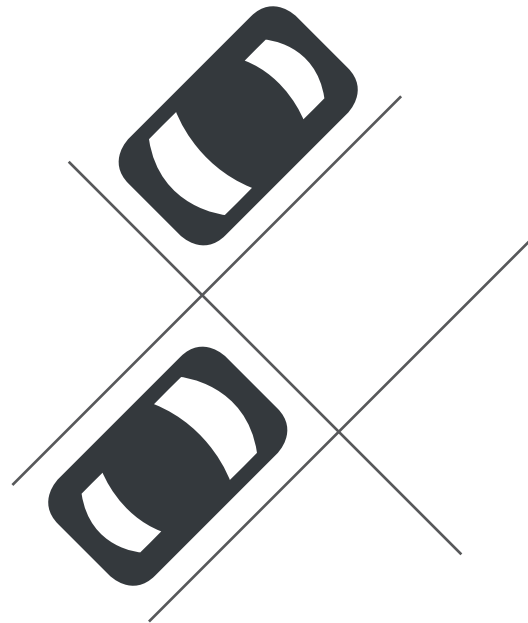

The driveway is the last left exit before following the one way system to University Campus Suffolk.

## Car Parking

We share our courtyard with a number of businesses. Our spaces are in the far corner of the courtyard from the entrance.

Assistance will be available from an Azexis staff member on arrival if required.

## Our location

With an abundance of pubs, cafe's, restaurants, hotels and stunning scenery we're very fortunate to be within a stones throw from Ipswich's picturesque and vibrant docklands.

## Overnight visitors

The Salthouse Harbour Hotel is our closest hotel at less than a five minute walk from our offices. If you're visiting from afar, this four star hotel is a delightful place to stay.

Premier Inn and Travelodge budget hotels are also within walking distance of Azexis.
